

CLEARVIEW NEWS

VOLUME 28 NUMBER 1

Mr. Jerome M. Davis, Superintendent

August 2016

Message from the Superintendent of Schools

Welcome to the start of the 2016-2017 school year. I am looking forward to another fantastic year in the Clearview Local Schools district. The summer has certainly flown by quickly. Soon the students will be back in school, the big yellow busses will be out making frequent stops, and the bright lights and announcements from the football games will be seen and heard on Friday nights. That is a sure sign that school is back in session. I am excited that we will soon embark upon those days. Those are refreshing signs that show we are blessed to have students in our lives whose futures we have been allowed to help shape and mold.

I am excited to see the radiant glow on the faces of our students upon first walking through the halls after being gone for the entire summer. The smiles on their faces are simply amazing and contagious. I encourage all of you who are reading this newsletter to take the time and smile a little more. Make your smile just as contagious. You will never know how much your smile will brighten someone's day.

The first day of school for students in grades 1-12 is August 17, 2016. Note: This does not include kindergarten. Kindergarten screening will take place on August 17th and 18th at Vincent Elementary School with an Open House on August 19th from 3:30-5:00pm. The first official day for ALL kindergarteners will be August 24th.

In case you do not know them, the following administrators and supervisors are also here to serve and make Clearview a better place:

Mr. W. Davies	VES Principal	Mr. M. Collier	Athletic Director
Mrs. L. Manning	DMS Principal	Mrs. D. Morell	Special Education Director
Mrs. P. Reinhart	DMS Asst. Principal	Mrs. V. Timko	Curriculum Director
Mrs. N. Rothacker	CHS Principal	Mr. M. Smarsh	Maintenance Supervisor
Mr. M. Newman	CHS Asst. Principal	Mr. G. Brown	Transportation Supervisor
		Mrs. D. Baker	Food Service Supervisor

As I enter my 24th year in education, I still feel the excitement and eagerness to begin school just as I did during my first year of teaching. The thrill is still alive. What makes that thrill even better is the fact that I work for one of the best school districts in Lorain County. It is an honor and a privilege to serve as your superintendent. So, as we enter the 2016-2017 school year, please remember that my door is always open. I am available by phone at 440.233.5412 or via email at Jerome.Davis@clearviewschools.org. I am here to assist you with your educational needs. I am also here if you simply need a shoulder to lean on or an ear to hear.

Don't forget to follow me on Twitter @SuptJeromeDavis.

I look forward to another fantastic year here in the Clearview Local Schools district, where EXCELLENCE is what we strive to achieve daily.

Jerome M. Davis

CHS - Noeleen Rothacker and Michael Newman

Thank you for allowing us, to serve as your Principal and Assistant Principal. Your support is very important to the success of your children and our students!

This past school year, the administrative team focused heavily on fostering the relationship between the Clearview community and the high school by establishing numerous building activities designed to bring the staff/administration and parents together around traditional holiday events.

In October, students and staff worked together to kick off our first annual Halloween Walk. This was a tremendous success where half of the rooms in the building were decorated for the kids with activities and candy stations creating a safe and fun trick-or-treat experience for everyone. The turnout was far beyond what was expected! The event was so successful that immediately following, we had students and staff already planning to make things bigger and better for next year.

For our winter celebration, Santa Claus made a visit to the high school and rooms were set up to reflect a traditional holiday experience with snacks, ornament making, and many of our favorite holiday movies playing like Rudolph and the Grinch. We would also like to expand this next year as well and create a North Pole village while coordinating activities with Vincent Elementary.

Spring activities included meeting the Easter Bunny, an egg hunt and face painting. While centered around the kids, these gatherings are a great opportunity for parents, teachers and administrators to get to know one another in a more relaxed and casual environment, and gives our students the chance to give back to their community and help to develop and maintain the "Clearview Family" atmosphere, which we are all so proud to be a part of.

In an effort to further class cohesion and a sense of community within the high school, the administrative team and teachers created class spirit challenges throughout the year in which each grade level united together in an effort to demonstrate the most class spirit by competing in numerous challenges designed to create a bond and sense of family within each grade. Rather than just "spirit week," we extended this throughout the entire school year and have plans to expand our efforts next year.

The *Scholastic Challenge Team* was busy this year. They participated in the Erie Shores Conference Fall competition, Patriot Conference Winter competition, and on WEOL's "Scholastic Games". This year there were Varsity and Junior Varsity matches in both conference competitions.

Team members this year were: Seniors Justin Burgos, Angela Knick, Colin McComas and Kyle Rosser; Juniors Aaron Lien and Josh Ramos; Sophomores Elizabeth Gunter, Brooke Hammill and Josette Leon; and Freshman Maria Calderon. This was a strong senior group and they will be missed.

SHFT

~ Added 3 new college credit classes bringing the total to 19 credits possible. These new classes are *Introduction to Exercise Science, Fitness & Health Foundations*, and *Medical Terminology*. The 3 of these are new CTAG classes that are guaranteed to transfer to any public university in Ohio.

Of course the annual SHFT trip took place at Mohican and Common Ground. Although it rained quite a bit, students still got to experience zip-lining, team building games, low ropes/high ropes course, and canoeing. The weekend focused on teambuilding, critical thinking, leadership, and communication.

Clearview Book Club 2015-2016

This was the 10th year for the Book club. The students read 5 books (Thirteen Reasons Why, If You Find Me, Cinder, The Fifth Wave, Paper Towns) and met approximately once per month. We focused primarily on contemporary fiction and had many worthwhile discussions. Our total number of participants this year was 21 which included all grade levels. Some students participated for only one book and others for all five titles. The students have already given me suggestions for what books we should read next year. The students and I would like to thank the Clearview Educational Foundation for funding our Book Club Grant this year.

Book Club Participants - Genesis Babb, Natalie Beatty, Aubrie Borbas, Justin Burgos, Maria Calderon, Angelina Flores, Brooke Hammill, Jocelyn Herera, Olivia Horstmann, Angela Knick, Josette Leon, Katy McCardle, Colin McComas, Jessica Schrenkel, Marissa Stoker, Isabel Valadez , Mr. Wachowiak, Melanie Walend, Honorio Yanez

Community Eligibility Provision Breakfast and Lunch Program

Once again we will be offering free Breakfast and Lunch to all Clearview Students. I can't stress enough how important it is that all students eat lunch in order for us to keep this program. I'm also sending home with your child a Household Information Survey. This will determine book fee waiver eligibility. Please complete it with all of the people residing in your home. I also need the school your child is attending. If these are not returned, your child will have to pay book fees.

Thank you,
Darlene Baker
Director of Food Services
Clearview Local Schools
440-233-5412 ext.1316

CLEARVIEW BAND NEWS:

DO YOU HAVE AN INSTRUMENT collecting dust in your basement or attic? If so, please consider donating it to the Clearview Band program. We are in need of band instruments in playing condition, as our band program is growing and several students in our community cannot afford to rent an instrument. If you have any questions or have something to give, please contact Mrs. Smercina (the band director) at jenn.smercina@clearviewschools.org.

Marching Band: The high school band had a successful marching season. We are holding firm with 70 marchers this fall and looking forward to another great season! The Clipper Marching Band will be performing at all football games as well as several area band shows and parades this fall. Be on the lookout for a fundraiser or two this fall as the Marching Band begins saving funds for new raincoats.

Concert Band: Six students participated in PAC-12 Honor Band at Fairview HS in February - Clinton Cooper, Angelina Flores, Katie Greve, Angela Knick, Rion Starkey, and Isabel Valadez Soto. We graduated 13 seniors last year; two are planning on majoring in music-related studies this fall.

School Time Schedule

Vincent - 8:55 - 3:15
(Breakfast - 8:25 - 8:50)

Durling - 8:00 - 2:50
(Breakfast - 7:50 - 8:05)

Clearview - 7:30 - 2:40
(Breakfast - 7:00 - 7:30)

CHS CALENDAR 2016-2017**AUGUST**

- 15 Teacher In Service
 16 Teacher In Service
 Open House (3:30 – 5:00 pm)

 Recognition Assembly (7:00 PM)
 22-24 Exams for grades 9-11
 24 Last Day of School
 Class of 2017 Graduation

Clearview Athletics...

Clearview has a great tradition of athletics and has had many outstanding team and individual performances. However, there is no greater importance than the lifelong lessons and growth that our student athletes take from their involvement and experiences during their involvement in athletics. Our student athletes, coaches, fans, and parents are all a big part of creating an environment that enhances these experiences. Therefore, we all must do our best to ensure that these opportunities to learn and develop are taken seriously. As parents, our role is critical to help support the growth of our children. The Positive Coaching Alliance does a great job of explaining this important task in the article below.

The Second-Goal Parent

PCA’s mission is to make high school and youth sports a Development Zone to develop Better Athletes, Better People. Parents have an especially important role to play as a Second-Goal Parent who helps their child become a Triple-Impact Competitor who makes self, teammates and the game better.

A Second-Goal Parent recognizes that there is a Little Picture and a Big Picture in youth sports. The Little Picture concerns things like whether the child is playing the right position, the team is winning, etc. The Big Picture, which often gets drowned out by the Little Pictures, is about what the child is learning from youth sports.

There are two broad goals in youth sports: striving to win and building character so kids develop into successful, contributing members of society. As important as winning may seem, Second-Goal Parents let coaches and athletes worry about the first goal of scoreboard results. Second-Goal Parents have a much more important role to play: ensuring their children take away from sports lessons that will help them be successful in life. That is the Big Picture.

Keeping your focus on the Big Picture is much more vital than being an extraneous back-seat coach. The lifelong impact you can have – that no one else can in quite the way you can – is with the life lessons your child takes away from their sports experience. No one can be there for your child in this way better than you. No one.

If you embrace your role as a Second-Goal Parent, it will transform the way you see youth sports. It will help you seize the endless procession of teachable moments that will come your way again and again when you are looking for them.

What might have seemed like a disappointing loss or a failure by your child becomes an opportunity to reinforce resiliency. A tough competition in forbiddingly hot, cold, or nasty weather can prompt a conversation with your child about learning to enjoy challenges. Whether your child succeeds or fails on the playing field, you will be able to use the experiences to reinforce the kind of person you want him or her to be.

A Second-Goal Parent focuses relentlessly on the Big Picture – helping their child take away the lessons that will help them be successful, contributing members of society. And, in the process a Second-Goal Parent is able to better enjoy their child’s youth sports experience, which will end all too quickly.

Mike Collier
 Clearview Schools Athletic Director
 Mike.Collier@clearviewschools.org

The Clearview Athletic Booster Club hopes to grow and celebrate our Clearview Family in the coming year. We look forward to seeing you.

Go Clippers!

Vaccine requirement for 7th and 12th Grade Entry

The Ohio Department of Health has new immunizations required for school attendance. Your child must have 1 booster dose of the Tetanus vaccine, Tdap, prior to entry into the 7th grade. Under Ohio Revised Code 3317.67, the school must have written proof of immunizations on file by August 17th. Students without proof are subject to exclusion from school.

The newest immunization is for ALL students entering 12th grade. Students entering 12th grade are required to receive a second dose of meningococcal vaccine unless their first dose was received after age 16, in which case only one dose is required. Students without proof are subject to exclusion from school.

You may obtain this vaccine from your private physician or other community providers. The Lorain County General Health District offers walk-in clinics throughout the county; please visit www.loraincountyhealth.com or call for a complete schedule of Child Immunization Clinics.

Lorain County General Health District

CHS Student Council, Wendy Golski

CHS Student Council had a very active year! We grew to over 40 members this year which more than tripled the size from the previous year. Elections were held at the beginning of the year and officers included: Kyle Rosser, President; Maiya Lebron, Vice President; Jessica Schrenkel, Secretary; and Julian Colbert, Treasurer. We introduced a Twitter account as well as the Remind app to communicate electronically with CHS students. Student Council held one bake sale during the first parent/teacher conferences and later assisted the wrestling team with another one. Two successful blood drives not only collected much needed blood for our community, but also helped raise \$1000 in scholarship money, which was presented to Senior and our president, Kyle Rosser. During Homecoming, Student Council held Spirit Week, which included hallway decorating as well as other competitions. The sophomore class won the hallway decorating contest. Calculated through a point system awarded for participation throughout Spirit Week, Student Council awarded a new Spirit Trophy to the class with the most school spirit. This year sophomores and seniors tied for the most spirited. Student Council also helped to organize the first Halloween Walk for the community. We organized hallway decorating to help decorate for the walk, and sophomores won the hallway decorating contest as well as the Halloween costume contest. In November, Student Council organized the annual Thanksgiving Food Drive for our families in need in our district. In addition to collecting food, monetary donations were also collected. We held a "Count Day" in which pennies were collected each period and had to be counted by teachers before class could begin. That helped raise our money collected so that this year we were able to donate a record 43 Thanksgiving meals to families. Later in the year, Student Council participated in the Christmas Walk and the Easter Walk for the community. Finally, Student Council organized Teacher Appreciation Week activities. A highlight was students writing personal notes to their teachers thanking them for their efforts in changing their lives. Mr. Wachowiak and Mrs. Golski, Advisors

CBI

Career Based Intervention is designed to give students the opportunity to complete their education while exploring the obligations of the world of work. They have the ability to earn elective credits for work-based learning either paid or unpaid, depending on the grade level. During this school year CBI students had the opportunity to participate in several activities in addition to the daily curriculum. Seniors were able to participate in the senior class trip to Gettysburg, Williamsburg, Jamestown and Norfolk. For many, this was an opportunity that they would otherwise not have. In addition to historical sites, they also visited the Battleship Wisconsin, enjoyed a visit to Virginia Beach, and a dinner cruise. Students participated in the Lorain County Metroparks Holiday Lights at Carlisle again this year. The juniors chose to use the theme "Little Drummer Boy" and the seniors chose "The Nightmare before Christmas." Students built the scenes, travelled to the park to set up the display, and then returned after the holiday to tear it down. In December we took a trip to Columbus to visit the Statehouse and the Ohio State Supreme Court. Students had guided tours drawing attention to the art, architecture, and current uses of both buildings. They were also met by the current state representatives and senator for our district. In addition, students worked in job stations outside the school day which include fast food (Burger King, Arby's, McDonald's), retail (Conrad's, Rue 21, Marc's), Pierre Foods, automotive (D&J Automotive) and pizza (Little Caesar's). Some worked within the school helping maintenance while others worked in the high school cafeteria.

Youth 4 Youth

This year was a great year for Youth 4 Youth. In our second year of participating in the Pennies for Pasta program we raised \$606 for the Leukemia and Lymphoma Society.

Some of the other activities that we participated in this year included: Bingo at Amherst Manor, raking leaves for community members, Pennies for Pasta, the community walks, collecting cardboard for the Cleveland Museum of Natural History, and collecting socks for cancer patients at Rainbow Babies. These kids reaffirm the job that we do here and are a bright spot for the year.

Dear Durling Families,

Back to school is always a busy and exciting time. Hopefully, everyone is looking forward to the new school year after a fun and relaxing summer. We have been very busy at Durling getting the building ready and looking at our plans for the upcoming school year.

Students should expect to see a few new faces around the halls! Ms. Plechaty will be joining Ms. Meade in the main office as our attendance secretary; Ms. Rios will be joining our eighth grade team as the Intervention Specialist, and Mr. Ritter will be teaching Math to our seventh grade students.

We will have our outdoor classroom and greenhouse ready to go in the courtyard for lessons during the warm days of fall and we will continue our partnership with CommonView to provide health and wellness educational opportunities for our staff and students as well as the Clearview Community.

Beginning the first day of school, our 8th Period class will be a building wide “Flex” period. Students will work with staff members to receive academic intervention in areas where they may need some reinforcement such as math help, or additional help with reading or writing skills. Students may also use this time to work on class projects, participate in enrichment activities, study skills, or receive help with organization and homework. The “flexibility” of this class period will help us meet students individual needs to find success in their academics as well as other educational activities.

Finally, we are instituting our new Cell Phone/ Electronic Device policy with the beginning of the new school year. To summarize the letter which went home May 24, 2016 explaining our updated policy... **ALL** devices/phones which are brought to school **MUST** be kept powered off in the student’s locker. Violations of this policy will result in the phones/ devices being confiscated and turned into the office. The first Offense will allow students to claim their phones from the office at the end of the day. Subsequent offenses will require parent pick up of the device and may result in progressive discipline including detention, Tues/Thurs school and suspension.

Thank you to the Durling Community for a wonderful first year. I am looking forward to working with everyone as I begin my second year with Clearview Local Schools.

As always, please call, stop in, or email me with any questions or concerns.

Educationally,
Laura D. Manning
Principal, Durling Middle School

From the 5th grade team at Durling Middle School

Dear Students and Parents,
Welcome to a new location and chapter of your school years, 5th grade at Durling Middle School! Our team has been hard at work to assist you in the adjustments and new learning. A few tips to share!

- Parents – We are available to you in several ways.
 1. Teacher Email—D.M.S on the Clearview website.
 2. Communication through the new agendas
 3. “Remind” notes. Most of us will send home this note where you will download a text number in your cell phone then receive instant reminders.
- Help your child organize their supplies, papers, and notebooks for a few weeks into the year to get into solid habits.
- Students – Organize, organize, organize! Before you go to bed, look at your agenda for reminders or a daily checklist. Plan to be successful.

Durling Middle School is a great place for all of us!
Mr. Bray, Mr. Lovell, Mrs. Parker, Mrs. Streator, Mrs. Suppa, and Mr. Majoras

SCHOOL FEES

Durling Middle School fees for the 2016-2017 school year will be \$32. Checks can be payable to Durling Middle School. Payments can also be made via credit card or cash. Please be advised that all fees must be paid in order for your child to participate in any extracurricular activities.

5th GRADE AND NEW STUDENT ORIENTATION

Durling will hold a 5th grade orientation *Monday, August 15th, 3:30-4:00 PM*. Orientation for all other students is *Monday, August 15th, 3:30-5:00 PM*. There will be a short meeting followed by a tour of the building. This will allow our incoming students an opportunity to see the building, which should make the transition a little more comfortable.

LOCKERS

Each student at DMS will have a locker. It is highly recommended that new students purchase a combination lock and practice opening it before the start of the school year. The school lockers work the same as combination locks.

Parent Teacher Conferences

September 15, 2016	3:15 to 7:15 PM
November 17, 2016	3:15 to 7:15 PM
February 16, 2016	3:15 to 7:15 PM

Open House

August 15, 2016	3:30 to 5:00 PM
-----------------	-----------------

DMS Highlights

5th Grade Reading, Mrs. Suppa

There have been many firsts and highlights this year in 5th grade! First, the personalities of these awesome 5th graders. They were polite, smart, respectful, and fun! We received many compliments from workers and chaperones when we attended the Christmas Story House in December, as well as Cici's Pizza employees. This begins at home, so thank you!

This was also a new year for computer testing for 5th grade students. We worked very hard getting them ready for 6th grade with a new test and computer usage!

"I am always doing that which I cannot do, in order that I may learn how to do it".-Pablo Picasso

We are proud to boast that THIS 5th grade class read....

Books Read: 7, 299!!

Words: 196,740,787!!!!!!!

"A book is a dream that you hold in your hand."

-Neil Gaiman

DMS End of Year Highlights

6th Grade Reading, Mrs. Koehn

This year in Reading we worked hard on becoming strong readers and writers. Our students worked diligently on their reading skills, getting sharper with their comprehension skills and strategies. We increased our vocabulary by defining and learning new words from daily activities, as well as from the novels read in class. This year our students read *Shiloh*, *James and the Giant Peach*, *Tuck Everlasting*, *Bridge to Terabithia* and *Where the Red Fern Grows*. These books were enjoyable reads for the students, but I think that *Where the Red Fern Grows* took first place with the sixth graders, as a favorite!

Again, technology took a strong role in their curriculum this year by implementing Study Island for several subjects, Accelerated Reading and Math and Brain Pop with classroom lessons. Students use the Smart Boards daily, Chrome books when writing, and student computers as a resource when needed for class. Using technology with lessons build skill, interest and enthusiasm for learning.

Students worked daily to prepare for the sixth grade State test, reviewing and implementing materials and skills to master their core areas with an abundance of nonfiction. The students read about a tigress and her cubs, and then we were able to meet one of those very cubs later in the year on our zoo fieldtrip!

For fun this year, we traveled to the Cleveland Zoo where we had fun visiting all the animals and the Rainforest! We participated in Field Day and made our own amazingly colorful tie dye shirts!

I am very proud of how hard our students worked throughout the year! It was so great to always see them with a book and to be so interested in reading for fun! As a whole, we also became stronger readers and writers. This was a really great group of kids that have grown before my eyes and are ready for Middle School! Thanks to them, it was another great year. in Sixth Grade!

7th Grade Reading ~ Mrs. Foster

This year in seventh grade reading, the students worked very hard. We read the books, The Outsiders by S.E. Hinton, A Christmas Carol by Charles Dickens, The Devil's Arithmetic by Jane Yolen and Hatchet by Gary Paulsen. While we read The Devil's Arithmetic, the students researched the Holocaust that occurred in Germany during WWII. We also discussed gangs and bullying while we read The Outsiders, allowing the students to become aware of the unjust actions and ideals that can exist when in the wrong hands. In turn, the students became more open-minded to the many differences that humans exhibit and hopefully learned to embrace those differences.

The same teachers of the seventh grade team tried a new approach to notes and lesson delivery with interactive notebooks. These notebooks incorporate visual, auditory

DMS End of Year Highlights (Continued) 2015-2016

and kinesthetic learning styles. The students enjoyed the new approach to learning and were able to file much more knowledge into their long-term memories. Interactive notebooking is here to stay in seventh grade reading.

7th Grade Science, Mrs. Southard

The 7th grade science students were involved in a variety of lessons that helped to tap into individual skills and strategies to address the 21st Century learner. To support this, the students were afforded an opportunity to participate in The Ohio Energy Project, which granted Mrs. Southard's classroom with \$2500 worth of supplies and materials. Because of the Ohio Energy Project students were able to become energy leaders by applying skills to teach others about energy efficiency, help to save money and energy at home and at school, understand how to use energy saving devices, make more efficient choices, and share energy saving materials with their families. I am so thankful for opportunities like those mentioned above as it is a testament to the continued support of others in the education of our students. When students take what they learn and share that knowledge with others outside of the classroom then the lessons becomes more meaningful.

In addition to hands-on related activities, the students were engaged in an extensive frog dissection unit. Studies included learning how the organism functions, its body processes, and how frogs contribute to the ecosystem.

We even extended lessons that incorporated cross-curricular lessons by attending programs at the Cleveland Rock Hall of Fame Museum. The students were able to learn about how music influences issues that are socially and politically related and how people's opinions could be shaped by musical media. In short, the 7th grade classes were filled with a plethora of activities designed to allow the students explore new ways of thinking.

8th Grade Social Studies, Mr. Christensen

The 2015/2016 school year was a great year. This year in social studies we did several fantastic projects. The students had several opportunities to show their creative sides and express their interests. One of my favorite things that we did this year included the black history projects. The students had an opportunity during black history month to research a notable African American. They were allowed to choose from several categories such as entertainers, musicians, activists, educators, etc. Their projects included bringing in food, artwork, music, video clips, and more. Students presented their research and got the opportunity to explain why they chose a particular person. The classes really enjoyed the presentations. The Philadelphia trip was a fun and educational way to close out the year. Students were able to learn the history of Philadelphia while enjoying some fabulous sightseeing. The trip was really a great way for students and teachers to bond and get to know each other. Philadelphia is a great city to visit!

8th Grade Reading, Mr. Collier

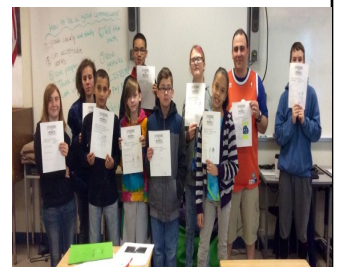

Each 8th grader in Mr. Collier's Reading class completed a Passion Project this year. Students researched and developed projects in areas they were most passionate about. Projects included creating

music, writing original material, creating apps, video games, websites and YouTube channels. Other students designed clothing, homes, furniture or uniforms. Some students completed artwork, photo portfolios and established their own businesses. Some students chose to complete service projects as part of their Passion Projects. *Ariel Weese & Alicia Burnsworth* organized a Stuffed Animal Drive before the holidays. They collected over 700 stuffed animals to deliver to children in hospitals, day cares, and animal shelters. *Ariel & Alicia* held a fundraiser this spring. Students donated money to duct tape Mr. Majoras to the wall. These two donated the proceeds (\$100) to the Alzheimer's Association in Avon. *Ariannah Christarella and Kaylee Wright* volunteered weekly at Wesleyan Village Senior Living Home. *Sierra Hitchens* created a Family Cookbook and prepared her grandmother's cheesecake. *Robert McCardle* did a cooking demonstration for the class and made his world famous chocolate chip pancakes. *Madelyn Mazurek and Aurora Glass* created a movie trailer titled "Horror School" and used students and our school to complete. *Nelia Holley* wrote, produced and starred in her own music video. *Sage Swiney and Tahj Alkassem* developed a gaming app that may be available for download by this summer.

There were many other outstanding, creative projects completed this year. Through this assignment, students improved research, editing, technology and presentation techniques. They were required to plan and develop a plan to turn their passion into a career.

Better Speech and Hearing Month

The American Speech-Language Hearing Association dedicates the month of May to raising communication awareness. On May 17, 2016, Mr. Krase's classroom at Durling Middle School made individual pledges about becoming better communicators. Examples of these pledges included, "using acceptable words when speaking to adults" and "listening more closely to people when they are talking." The students began by brainstorming ideas about what skills it takes to be excellent communicators. This activity was a great way for students to reflect about their own communication practices. So let's celebrate communication! Turn down the volume, unplug electronic devices, and listen and talk with others. Everyone has a story to tell, and we all should be heard. Thank you Mr. Krase's class for your communicative efforts!

From the Desk of Mr. Davies, Principal

Welcome back everyone and greetings to our new students and families. With a warm and welcoming atmosphere, dedicated teachers, and a hodge-podge of cultures representative of our community, Vincent Elementary School (VES) is a wonderful place to teach and to learn.

Vincent Elementary is committed to academic excellence. Together with our families and the community, the staff and students work toward clearly focused educational, personal, and social goals. Parents are strongly encouraged to become involved in the school. When parents attend school functions, they demonstrate to their children that they value school and education. Attending events such as Open House, parent/teacher conferences and attending PTO meetings are all important ways that parents learn about what's going on at school.

Volunteering sets an important example for children about shared responsibility. There are various opportunities to volunteer, whether it is in the classroom, participating in PTO activities, chaperoning field trips, serving as a room parent, or assisting in the library. Parents learn about these opportunities through classroom newsletters, the school website and through the many PTO flyers and notices that are sent home, or simply by calling the school office and inquiring.

The PTO (Parent Teacher Organization) works tirelessly to support our school in countless ways, including financial support through fundraising, providing enrichment activities such as regular assemblies, field trip opportunities, the Fall Fest, and volunteering when needed.

How to get involved in your child's education at Vincent

1. Volunteer to be part of the PTO (meetings held monthly).
2. Ask your child questions about what he/she learned in school that day. ("What did you learn in math today?" or "What stories are you reading in school?")
3. Read to your child every day.
4. Check your child's backpack daily for letters or flyers about upcoming events.
5. Call the school or email the principal or teacher if you have any questions or concerns.
6. Sign up to help at a class event like parties or field trips.
7. Assist your child with homework assignments by creating a quiet environment to work.

On behalf of the staff here at Vincent Elementary, we look forward to another successful year. Thank you for letting us be a part of your child's educational experience.

Educationally...Wes Davies

On April 21st, the Second graders were given the opportunity to visit the Bay Village Science Center.

The students participated in a hands on presentation about different animals that they could see in the wild and what the adaptations are to survive in the wild. After the presentation the students got to go on a hike and identify wild animals and their habitats. We had the students list 3 different animals they found on their hike and what the adaptations were to help them survive. After finishing the hike the students experienced the planetarium. They were introduced to objects in the sky during the day, at night, and during the different seasons. The students thought the planetarium was exciting and they learned a lot! This field trip would not have been possible if the Vincent PTO would not have allowed us to raise money by selling candy bars. So thank you to the PTO and all the parents who bought and sold candy bars!!

Students in Mrs. Bevins' First Grade Class put on the surgical masks and gloves to become "Contraction Doctors." Students learned how to change two words into one by following the steps of removing certain letters and replacing them with the apostrophe. Mrs. Bevins is happy to report that no words were harmed in this activity and the students really enjoyed being Contraction Doctors for the day!

VINCENT ELEMENTARY

Ms. Leonhardt's class hosted a Read-a-Thon with Mrs. Saunders and Mr. Hogan/Mrs. Urbanskys classes. They had one last day to read AR and earn those last crucial points to get to the next big prize! Some kids made it to 100 pts so they could earn the limo ride! The students did various thing in order to make those points! They brought in snacks and a stuffed animal reading buddy, read with friends, used different IPad apps that helped read books to them and parents came in to read with their child. In the hallway at Vincent, we tracked the books that the students read. Once the students passed a quiz that was in their reading range, they got to come down the hall and post a Post It over their name and ring a bell loud and proud!!!! Great job kids! GOTTA KEEP READING!!!

Vincent Elementary School Beginning of the Year Events

August 16	3:30-5:00 Open House for Grades 1-4
August 17	First Day of School for Grades 1-4
August 17	9:00 AM Kindergarten Screening for Students with Last names beginning (A - M)

September 7	Picture Day

VINCENT CAR RIDER PICK UP

Blue Side (Office side) - You will now **PARK** your car in the parking lot and pick your child up in the cafeteria. You must have a blue pass or you will need to sign your child out. You will not be able to line up against the building because busses will now be traveling through this route. We need this route for busses and also emergency vehicles.

Yellow Side (Fleming Side) - You **MUST** remain in your car and stay in the car line on Fleming Avenue. You cannot get out of your car to pick up your child. You must remain in the line and show the yellow pass. Please do not make U-turns on Fleming Avenue.

Car Rider Passes are for students who are picked up from school on a daily basis. Questions??? Contact our office at 233-7113.

Car Rider Passes are REQUIRED. They are plastic instead of paper. You must acquire a new pass prior to school starting.

Who Is My Teacher?

Class Lists will be posted on the entrance door at Vincent Elementary on Wednesday, August 10th.

Latchkey

This is a before/after school program that parents must pay for on a weekly basis. A child must be registered with the latchkey monitor before attending. This service is for students in grades K-4.

7:00- 8:25 AM
3:15-5:30 PM

Kindergarten Screening & Start Dates

SCREENING: Last Names beginning (A-M)
August 17, 9:00 AM

Last Names beginning (N-Z)
August 18, 9:00 AM

FIRST DAY STAGGERED START:

Group A students' first day
August 22

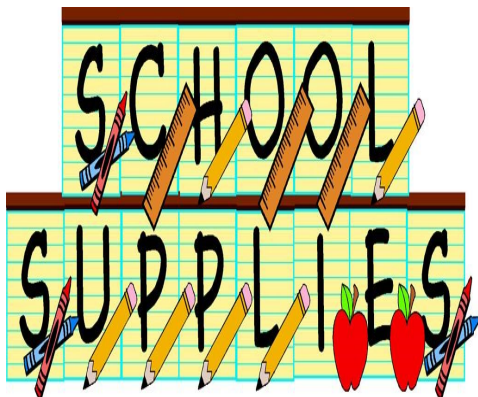

Group B students' first day
August 23

All Kindergarten Students will be together August 24th during regular school hours.

If you have any questions regarding the process, please call our school office at 233-7113.

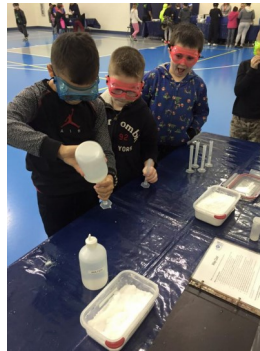

***Children must be 5 years old by
August 1, 2016 to attend
Kindergarten.***

WELCOME to KINDERGARTEN!!

Supply lists are available at your child's school, Clearview Schools website and also at select Walmart locations.

Please refer all specific questions to your child's school or teacher.

COSI ON WHEELS

In March, our 3rd and 4th grade students were able to experience a hands on learning session through a program called COSI on Wheels. COSI, which is located in Columbus, Ohio offers this on site field trip for schools that are not able to travel to their museum. Thanks to the Clearview Endowment Foundation rewarding a partial grant and fundraising through PTO, we were able to make this awesome program happen. Students took part in "Its All Chemistry" mystery demonstration where they learned how and why chemical reactions work. Students then moved into hands

on stations, experiencing first hand different ways to create chemistry experiments, including making their own slime! This program is an amazing way for learners to get up close and enhance their science skills in various ways, while collaborating with other students. All of our third and fourth graders had a wonderful time!

Who's Afraid of the Big Bad Wolf?

Mrs. Havens' class performed the story of the Three Little Pigs. Every year she takes a familiar story and rewrites the story to suit the taste of her students to make it fun and memorable. In conducting this activity with her class, the students are introduced to a vast amount of new vocabulary words. They also learn about the settings, scenes, a narrator and do much more by participating in this activity. Students from other classrooms were invited to the gym to see the play. The crowd was not disappointed in the performance. Bravo to Mrs. Havens' young actors!

Transportation will be provided for:

All students in kindergarten through 8th grade residing in the Clearview District who live one mile or more from the building of attendance, including Vincent, and Durling.

Students attending the Lorain County JVS will be transported from Clearview High, departing at 6:35 am and return to Clearview High at approximately 2:40 pm.

The pick up points and times printed on this schedule will be in effect for the opening of school. Routes are subject to change due to new enrollment or withdrawals of students. Pickup - drop off locations may also be changed.

Times listed may vary by ten minutes for approximately two weeks after school starts.

Please remember when bad weather occurs the buses will leave 5 minutes early. This also includes the JVS bus. Your understanding is appreciated.

Students are not authorized to change buses unless written approval from the building principal is obtained by the parent.

If you have concerns or are unsure of your child's eligibility under this policy, can contact the **bus garage** at **233-6084**

Clearview parents and students:

Busing routes for 2016 - 2017 have been revised for the Clearview Local Schools:

Vincent Elementary, Kindergarten - 4th grade
Durling Middle, 5th grade - 8th grade

To determine your student's time, place of pickup, and bus number, locate the stop nearest to your residence with the pick up time next to it.

Please have your student at the pickup location 5 minutes before the printed time on the schedule, located below and on the next 2 pages.

Permanent places of pickup may change to insure the safest and most efficient bus routing of all students.

If you have questions, please call the Transportation Department at 233-6084.
